## EDITORIAL

It is great to know that there are people in Albury-Wodonga who are putting their shoulders to the wheel to make Soccer a major sport in your important growth area.

For my part, I would like to pen a few words designed to act as check points for your progress.

For a bright a future as many youngsters as possible should be brought into the lower grades of your clubs, whether they are based in suburbs, schools, churches or other organisations.

In a region such as yours every senior club needs a build up of juniors behind it to ensure its continuity over the years.

I believe that parents who are not well acquainted with soccer will find the game an ideal blend of skill and fair play for their children.

A big pool of players is formed between the juniors and schools. Gradually extra quality of play will come.

Apart from increasing standards, some players move to administration, refereeing and coaching. The training and use of cadet referees is also very important.

If you handle these things properly the gap from under 14s and under 16s to seniors will gradually be bridged.

Albury-Wodonga is so placed that it can draw some expertise from NSW, Victoria and the A.C.T. You administrators are obviously alive to this.

So keep building your youngsters and link them in with the senior clubs. It is the future of this great sport.

Personally I look forward to hearing much more in Soccer from your Association.

Best wishes to Albury-Wodonga Soccer Association from...
